R307. Environmental Quality, Air Quality.

R307-401. Permit: New and Modified Sources.

~~[R307-401-19. Analysis of Alternatives.~~

~~_____The owner or operator of a major new source or major modification to be located in a nonattainment or maintenance area or which would impact a nonattainment or maintenance area must, in addition to the requirements in R307-401, submit with the notice of intent an adequate analysis of alternative sites, sizes, production processes, and environmental control techniques for such proposed source which demonstrates that benefits of the proposed source significantly outweigh the environmental and social costs imposed as a result of its location, construction, or modification. The director shall review the analysis. The analysis and the director's comments shall be subject to public comment as required by R307-401-7. The preceding shall also apply in Salt Lake and Davis Counties for new major sources or modifications which are considered major for precursors of ozone, including volatile organic compounds and nitrogen oxides.]~~
